Conner the Cultural Caterpillar

On June 21st, we asked the community to be a part of our own longest rock installation. At Pioneer Days on July 16th, we challenged visitors to guess how long Conner was. And James guessed the closest! He was 39 feet and 7 inches long! He continues to grow and we've almost reached our goal to have him end at the fence before end of Summer. Come check him out & add a rock!

Our Summer Student, Molly, presented James with his prize
